The spectacular 27-hole championship links-style golf course features several oceanfront holes offering breathtaking Caribbean views, 14 beautiful lakes, Puerto Rico's first island green and manicured course conditions year round. And, with four strategically placed sets of tees, few forced carries and yardages ranging from 5,201 to 6,937, the course provides a true test for skilled golfers and recreational golfers alike.

Be on the lookout for both beauty and challenge at the Club's signature 12th hole. At this challenging par 3, players are faced with one of the course's few forced carries to an island green of generous proportions. Be warned, your tee shot here will likely face the prevailing Caribbean breeze, so be sure and take an extra club.
